Optimyst® | 230V/50Hz | 2000 Watt

A timeless combination in itself: a traditionally shaped and robust freestanding fireplace which offers you all the benefits of a modern electric fire. Stare into the playful 3-dimensional flames of the Optimyst® fire and feel the cosy warmth from its built in electric heater.

- Authentic cast-iron stove with a metal housing
- Decorative glass doors that can be opened
- Metal sheet mirror back panel for a more intensive flame picture
- Rotary thermostat for temperature control

Viewing configurations

One-sided decorative fireplace

Flame Effect

Surprising by the floating flame and smoke effect and variable flame intensity.

All-season flames

Enjoy the unique charm of a fireplace 365 days a year using the flames without the heat.

Flame technology

Optimyst® flame technology, flame patterns by cold water vapour.

Heating

Powerful fan-assisted heating by safe element that provides additional heating on demand.

Multi-function Remote

Control all functions of the fireplace from the comfort of your chair.

Touch Control

Fireplace can also be operated via button display on the fireplace.

Plug and Play

Easy to connect to a standard socket for instant atmosphere.

Installation

Freestanding model.
